

Presenting Author(s)		Entity	Additional Authors (if applicable)	Presentation Title
Carlo	Abbruzzese	Washington Department of Natural Resources	David Wilderman	Oak Forest Restoration at Washougal Oaks Natural Area
Bob	Altman	American Bird Conservancy		Oregon Vesper Sparrow Regional Inventory: A Bird on the Brink
Cara	Applestein	Center for Natural Lands Management	Sarah Hamman	The Prairie Quality Monitoring Project: Measuring Restoration Success on the South Sound Prairies
Adrienne	Basey	Chicago Botanic Garden	Jeremie Fant, Andrea Kramer	Genetic Changes Associated with Ex Situ Native Plant Propagation and Consequences for Reintroductions; Case Study in <i>Castilleja Levisecta</i>
Marko	Bey	Lomakatsi Restoration Project	Co-presenter: Lyndia Hammer (listed under both names)	Restoring Oak Resilience Through a Collaborative Cross Boundary All-Lands Initiative in Southern Oregon/Northern California
Sequoia	Breck	Portland State University	Savahna Jackson, Judy Bluehorse Skelton, Ted Labbe	Engaging the Community in Oregon White Oak Conservation in a Culturally Appropriate Way
Kelli	Bush	Sustainability in Prisons Project - Evergreen State University	Carl Elliott, Carri Leroy, Joslyn Trivett	The Process of Building Partnerships
Mary	Bushman	City of Portland	David Helzer, Adam Baz, Joe Liebezeit, Candace Larson	Portland's Urban Oak Habitats: Investigating a Regional Nexus for Oak Associated Avian Species
Marty	Chaney	Natural Resources Conservation Service		Using Livestock Grazing to Manage Native Prairies West of the Cascades Part A
Fred	Colvin	Colvin Ranch		Using Livestock Grazing to Manage Native Prairies West of the Cascades Part B
CalLee	Davenport	US Fish and Wildlife Service	Co-presenter: Terry Fairbanks (listed under both names)	From Acords to Legacy Oaks, The Genesis and Growth of an Oak Working Group, The Klamath-Siskiyou Oak Network
Peter	Dunwiddie	Center for Natural Lands Management	Tom Kaye, Jonathan Bakker	Is Restoration Dead? The Future of Prairie Conservation in the Pacific Northwest
Carl	Elliott	Sustainability in Prisons Project - Evergreen State University	Kelli Bush, Carri Leroy	Research on Seed Germination Ecology within Corrections Centers
Conrad	Ely	Sustainability in Prisons Project - Evergreen State University	Carl Elliott, Kelli Bush, Carri Leroy	Building a Conservation Nursery Education Program That Benefits the Community
Terry	Fairbanks	US Bureau of Land Management	Co-presenter: CalLee Davenport (listed under both names)	From Acords to Legacy Oaks, The Genesis and Growth of an Oak Working Group, The Klamath-Siskiyou Oak Network

Presenting Author(s)		Entity	Additional Authors (if applicable)	Presentation Title
Jeff	Foster	Joint Base Lewis McChord		Army Compatible Use Buffer: Cooperative Recovery of ESA-Listed Species in the Vicinity of a Military Installation
Matthew	Gibbons	The Nature Conservancy	Jason Nuckols	From Oaks to Fish: Oak Project Synergies with Instream and Wetland Restoration Needs
Sandra	Gillespie	Simon Fraser University	Julie Wray, Elizabeth Elle	Landscape and Local Effects on Pollinator Biodiversity and Plant-Pollinator Interactions in Prairie Fragments in Southern Vancouver
Sadie	Gilliom	Sustainability in Prisons Project - Evergreen State University		Raising Frogs and Turtles in Prison: A Metamorphosis
Larkin	Guenther	Institute for Applied Ecology	Debbie Rutt, Stacy Moore, Tom Kaye	Supporting Prison Conservation Efforts Through Diverse Partnerships
Nathan	Haan	University of Washington	Jonathan Bakker	Host Plants of Golden Paintbrush Influence Its Suitability As a Food Source for Checkerspot Butterfly Larvae
Eliza	Habegger	SJCLB		A Staggered Approach to Oak Release on Turtleback Mountain, Washington
Lindsey	Hamilton	Sustainability in Prisons Project - Evergreen State University	Kelli Bush, Joslyn Tribett, Carri Leroy	The Taylor's Checkerspot Butterfly Rearing Program at Mission Creek Corrections Center for Women: Breeding Butterflies in Prison
Sarah	Hamman	Center for Natural Lands Management	Peter Dunwiddie	Establishing Prairie Communities on Actively Managed Grazing Lands in Western Washington
Lyndia	Hammer	Lomakatsi Restoration Project	Co-presenter: Marko Bey (listed under both names)	Restoring Oak Resilience Through a Collaborative Cross Boundary All-Lands Initiative in Southern Oregon/Northern California
Marc	Hayes	Washington Department of Fish and Wildlife	Co-presenter: Julie Tyson (listed under both names)	Coverboard Assessment of Reptiles at West Rocky Prairie, Thurston County, WA
Lori	Hennings	Metro	Joe Gordon, Justin Houk, Jonathan Soll, Ted Labbe	Mapping Oak in the Portland Area Using Remote Sensing and Field Studies
Tom	Kaye	Institute for Applied Ecology	Ian Pfungsten	Potential Effects of Climate Change on Rare Native Species in Oregon: An Assessment with Climate Driven Population Models
Susan	Kephart	Willamette University		Floral Variation, Pollinator Behavior, and Geography in Rare and Common Species of <i>Camassia</i> : How Important are Plant-Pollinator Interactions in Natural Communities?
Bill	Kronland	Center for Natural Lands Management		Post-Fire Distribution of Mazama Pocket Gopher on Joint Base Lewis-McChord
Bill	Kronland	Center for Natural Lands Management		Prairie Habitat Monitoring on Joint Base Lewis-McChord
